Dear Mr Wood

We must continue our fight and the time has come for us to reclaim our Sovereignty.

According to recent reports, we will still be tied to the EU, in some shape or form, with regards to negotiations currently being discussed.

We have therefore drawn up a 'Declaration' which you can sign.

The Electorate of the United Kingdom is Sovereign. The Electorate delegate to the Crown and Parliament sovereign powers at dates of election, to enable them to administer the affairs of the state INTERNALLY. It is NOT the gift of the Crown and Parliament to transfer all or any of these powers, so delegated, to a foreign country or entity and in doing so, give away our Sovereignty EXTERNALLY. Parliament is subject to change by the Electorate at elections and therefore anything INTERNALLY can be changed at that time. However, to transfer, without the consent of the Electorate, our sovereign power EXTERNALLY to another country or foreign entity is unconstitutional and illegal.

Think, if this had happened during WW2, would our Parliament have given our Sovereignty and Powers to Germany? Well, they could do so in the future, to someone like that, if we don't stand together and repatriate our Sovereignty and demand this Declaration be inserted into our uncodified Constitution.

We need **all of you to fight** - we aim to never let this happen again to future generations.

PLEASE READ OUR DECLARATION AND AUTHORITY UPON WHICH WE RELY [HERE](#).

THEN SIGN THE DECLARATION HERE. (scroll down and leave your name under 'leave a reply') <https://thesilentmajoritythelist.wordpress.com/sign-the-declaration/>

I urge you and your family and friends, to sign! This affects us all!

Thank You

The List
