**We believed him. Chequers Betrays All.
That's why the UK voted to leave!
UKIP stands alone seeking to honour a true
BREXIT. Support UKIP now!**

David Cameron told us LEAVING the EU meant:

- Out of an EU Customs Union, Single Market & EU Justice System
- Taking back full control of UK National Borders, Waters & Fishing
- Freedom to negotiate trade agreements worldwide without restriction
- Recovering Sovereignty of UK Parliament and UK Laws

The following word worries the REMAINERS

FACT

PROJECT **FACT**

- **FACT: No Deal Brexit.** There is no such thing as a ‘no deal’ Brexit. In the event of a ‘new relationship’ not being agreed, in whole or in part, the UK will leave and continue to trade with the EU but under World Trade Organisation Rules, in whole or in part, as do most other ‘Third Countries’, inc. Commonwealth and USA.
- **FACT: ‘Third Countries’.** Non-members of the EU (such as China, the USA etc) do not pay for access to the EU markets.
- **FACT: A European Army.** The EU is pursuing a controlled foreign and security policy based upon an ever-increasing degree of Federal Controlled Convergence of all Member States. (Art. 24 (2) TEU) and that the common security and defence policy (CSDP) is an integral part of the common foreign and security policy;”*2017 EU Pesco notification*
- **FACT: The Federated States of Europe.** “We set out to complete an Energy Union, a Security Union, a Capital Markets Union, a Banking Union and a Digital Single Market. Together, we have already come a long way.” *Pres. Jean-Claude Juncker’s State of the Union Address 2017*
- **FACT: No Customs Union.** The world’s largest Free Trade Agreement in North America operates very successfully without Border delays and no Customs Union. Over 18,000 trucks, vans and cars trade goods everyday over the Ambassador Bridge between Canada and the USA.
- **FACT: Any Customs Union prohibits any WTO trade.**
